

The World's Finest Cables™

# POWER AC PRODUCTS AND ACCESSORIES

EXCELLENT INTRODUCTION TO AC CORD UPGRADES!

THE GPA 2 UNIVERSAL AC CORD

THE **GPA2** WAS DESIGNED TO SHOW SKEPTICS THAT POWER CORDS DO MAKE A DIFFERENCE. ANY COMPONENT IN YOUR SYSTEM WILL COME ALIVE BY CHANGING TO THIS AC CORD!

Optimized Field Matrix Design!

POWER AC+ CORD

The **POWER AC+** is the best for any amplifier, tube or solid state. It is easily one of the largest cord available, and allows for amazing bass articulation and resolution by allowing absolute power.

STEREOPHILE RECOMMENDED COMPONENT

ALUMINATA SERIES AC POWER CABLE

The Aluminata Series allows any world class system to be at the pinnacle of audio reproduction. These cables are absolutely the finest money can buy.

THE WORLD'S FIRST AC CABLE UPGRADE FOR DEDICATED POWER!

AUDIOPHILE GRADE  
10 AWG X 2, 12 AWG X 1  
600V/30 AMP IN-WALL  
AC CABLE

POWER AC IN-WALL CABLE

THE POWER AC IN-WALL CABLE IS DESIGNED TO OFFER HIGH QUALITY AC POWER FROM THE BREAKER PANEL TO A ROOM OR OUTLETS WHILE REJECTING NOISE AND DRAMATICALLY IMPROVING RESOLUTION.

THE DIGITAL and ANALOG AC

These AC cords are designed as complete noise cancelling solutions for the ever growing increase in environmental and component RF noise. Absorptive technology increases resolution by lowering the noise floor on digital and analog gear.

THE **KAPTOVATOR** POWER AC CORD

The **KAPTOVATOR** AC cord... Guaranteed to be one of the finest in power cord technology and sonics, this cord allows for amazing resolution and a very black background. A long term reference!

JPS Labs also manufactures a full compliment of AC accessories to match our excellent cords. Our accessories guarantee that our cords and your components are doing all they can to perform their best.

"The JPS Labs Power AC Outlet Centers contain no extraneous electronic doo-dads, and eliminated a heretofore unknown source of grunge, distortion, and veiling -- the clarity and resolution of my entire system improved immeasurably because I could now confer the sonic benefits of clean power (extended low-end slam, clean midrange articulation, and sweet, transparent highs) to all of my components, whether they employed integral power cords or were equipped with high-end custom power cords."

-- Chip Stern- Stereophile Magazine
